With our own certified organic oil-pressing facility in Johannesburg, Absolute Organix produces fresh, true cold-pressed flax seed oil and omega-rich blends of the highest quality. Bottled only in glass to protect the fragile essential fats.

Our specialist blends are:

**OMEGA 369** - organic flax, pumpkin, sesame, sunflower, cranberry & evening primrose oils in a 2:1:1 ratio of omega 3, 6 & 9 oils. Also in 1000mg vegecaps.

**OMEGA SPORT** - organic flax oil with MCT oil from coconuts - an instant carb-free energy source.

**OMEGA SLIM** - Our organic 369 blend along with MCT oil (for energy) and fat-burning CLA.
Once demonized, coconut oil is making a rapid comeback as a health-giving oil. Our certified organic virgin coconut oil is an ideal high-temp cooking and baking oil.

It also provides excellent nourishment for skin and hair. **Coconut Blossom Sugar** is tapped from the coconut palm flower, producing an exceptional sweetener with a reported GI of just 35.

With minimal processing, coconut blossom sugar is a 100% natural choice. We source it from Indonesia and supply it in 150g glass jars as well as in bulk.
The acai palm flourishes only in the Amazon rainforest where its berries are wild-harvested. The deep purple berries have earned acclaim for their exceptional anti-oxidant qualities, putting acai high on the superfruit Top 10.

Absolute Organix imports acai berry powder directly from Brazil. The powder is freeze-dried to protect the nutrients and we only source certified organic product.
AllisOne’s triple-strength tissue salts are faithful to the work of the founder of biochemic medicine, Dr WH Schuessler.

Hemptons

Hemp produces chlorophyl-rich omega oils and proteins, and in many ways it’s the perfect food - think of it as green sunlight!

The omega 3/6 balance in hemp seed oil is excellent - and it includes GLA, whilst the form of protein in hemp (edestin) is highly bio-available, easily absorbed and metabolised.

Hemptons has been importing certified organic hemp products from Canada for several years. The range consists of:

- Organic hemp seed oil in 250ml and 500ml bottles.
- Organic hemp protein powder in 500g and 1kg tubs.
- Hullied hemp seed in 500g tubs.

Hemptons also manufactures the Sativa range of hemp bodycare products - distributed by Absolute Organix.

**Serenity Formula** with passion flower to help pets cope with stress without drowsiness.
Switzerland’s Holle has been producing organic infant foods of exceptional quality for over 80 years. Holle porridges are Demeter-certified, the most demanding of organic standards based on the pioneering insights into eco-friendly farming of the German philosopher Rudolf Steiner. Holle guarantees:

- No GMO ingredients
- No added sugar
- No added salt

- No added flavours, colours or preservatives

Absolute Organix exclusively represents Holle in Southern Africa. We carry the full range of Holle formulas and six porridges.
Jackson Reece organic baby wipes, imported from the UK, have a unique herbal formula that soothes and protects against nappy rash and eczema.

The wipes contain none of the harsh ingredients that can potentially damage delicate skin. They are alcohol- and paraben-free.

Jackson Reece wipes use:

* Certified Organic Aloe Vera, naturally hydrating, healing & cooling.

* Certified Organic Tea Tree oil, naturally antibacterial.

* Certified Organic Lavender essential oil, soothing and calming.

The wipes are bio-degradeable.

Available in nursery packs (64 wipes) or in travel packs (10 wipes).
Jozi Organic

Jozi Organic is an eco-friendly roll-on deodorant range. There are 3 natural, fresh fragrances - African Citrus, Ylang Ylang and Ivory, and a fragrance-free variant, Naturally.

These gentle and effective deodorants are made from plant-derived organic ingredients containing absolutely none of the “nasties” typically found in commercial brands:

- No aluminium - a skin irritant, clogs pores and has been linked to an increased risk of Alzheimer's disease.
- No alcohol - over time can cause dryness and irritation.
- No parabens - can cause skin irritation, dermatitis, allergies.

No petrochemicals - they can provoke skin allergies and destroy the natural oily barrier on the skin, leaving it dry and flaky.

No propylene glycol - it can be a skin irritant and alters skin structure, allowing potentially harmful chemicals to penetrate deeply into the skin.
Logona herbal hair colours and organic shampoos from Germany set the global standard for 100% natural hair treatments.

- They are double-certified in the European Union as natural cosmetics.
- They contain no synthetic colours, fragrances or preservatives
- The dyes contain no peroxides, PPDs, ammonia compounds or aggressive chemical ingredients
- They are the most natural option available for your hair, containing only natural colouring and conditioning ingredients.

Logona’s shampoo range contains vitalising botanical actives and natural moisturizing agents to provide lasting care and glossy, supple elasticity.
Transdermal (through the skin) delivery of minerals is now regarded as highly effective, enabling the alkaline minerals to bypass the acid digestive pathway and reach the cells directly.

**LIFEMATRIX MAGNESIUM OIL** is a transdermal spray that can be massaged directly into the skin, imparting the myriad benefits attributed to magnesium - over 300 bodily functions depend on adequate magnesium levels.

**pH-PLUS** is an alkalizing blend of magnesium chloride, sodium bicarbonate and Kalahari crystal salt. It can be used as either a mineral-rich bath or foot soak.

Lifematrix mineral range

Transdermal (through the skin) delivery of minerals is now regarded as highly effective, enabling the alkaline minerals to bypass the acid digestive pathway and reach the cells directly.
Lifematrix Proteins

Lifematrix premium protein powders are for those who have come to recognise the critical role of pure, high-quality amino acids in supporting overall health, performance and immunity.

Lifematrix sets the standard for ‘clean’ proteins - they’re free of sweeteners and additives.

Lifematrix is also the protein supplier of choice to the vegan/vegetarian market with its Raw Vegan Protein, Yellow Pea Protein and Hemp & Pea protein blend.

* Several of these products are certified kosher.
Naturata is one of Germany’s oldest and most respected organic food companies. The bulk of Naturata’s products are Demeter-certified, the highest standard of organic production which demands that all ingredients originate from sustainable farming practices in addition to the “standard” organic requirements. Naturata specialises in spelt (an ancient grain) products which are well tolerated by people with gluten allergies.

Absolute Organix exclusively represents Naturata in SA, and we import selected products such as spelt and rice pastas, cereal coffees and ketchup.
Oh-lief natural babycare

100 % Natural. 100% Good.

Founded in 2010 by sisters Christine Buchanan and Louiza Rademan, Oh-lief was born out of a love for nature and the desire to use products that would not harm our babies’ skin or the environment.

Christine and Louiza developed their range of natural baby products based on old family recipes using organic olive oil as the foundation for their formulations.

The range includes a plant-based aqueous cream, a baby wax, a tummy wax for mom’s (to combat stretchmarks), a bum balm, baby shampoo and insect repellant.
With a proven track record of over 11 years the Ozone Company has been helping people with skin irritations and conditions with its ozonated olive oil, the original Ozone Healing Gel. The company has now launched an ozonated Jojoba oil with a variety of benefits.

Ozonated Jojoba Topical Gel offers:

* Anti-bacterial, anti-fungal and anti-microbial properties.
* Better moisturising properties with a smooth, non-greasy application.
* Excellent stability and shelf life (does not require refrigeration)
* Increased absorption into the skin and active ingredient delivery.

Jojoba oil is also rich in natural Vitamin E, softer on the skin and has a milder aroma than ozonated olive oil.
Phyto Organix

Phyto Organix is a range of nutrient-dense fruit extracts (superfoods) that support optimal health.

The range includes acai berry, pomegranate, goji berry, noni and mangosteen.
Sativa body and skin care

Sativa is a range of organic hemp seed oil-based bodycare products from Hemptons.

Hemp seed oil contains all of the EFAs (Essential Fatty Acids) required for smooth, healthy, revitalized and moisturized skin.

The oil also helps heal and fade scars, stretch marks, age spots and wrinkles.

Hemp seed oil is also rich in natural anti-oxidants to help combat visible signs of ageing and for the treatment of skin allergies and eczema.

The Sativa range includes body and face scrubs, body butters and lip treatments

Soy Candles

Therapeutic candles made from high quality soy-bean oil fragranced with pure essential oils.

They are eco-friendly, non-toxic and will last twice as long as traditional candles.

Soy candles burn cleaner and cooler, allowing the essential oils to diffuse into the air without releasing any harmful carcinogens.

The warmed wax of the massage candles can be safely applied to the skin and the natural Vitamin E and lecithin in the wax will moisturize the skin.

Soy candles relax the mind, soothe and relieve stress.
Our passion for healthy, extra-virgin oils is brought to life with the Truefood range of cold-pressed gourmet oils.

Protecting the fragile essential fats to ensure the highest quality, freshest oils is our No 1 priority, and our cold-pressing facility follows rigorous procedures to ensure this; we never press above 50C (the international standard for cold-pressing).

The quality of the Truefood range is reflected in the taste; the oils are bursting with flavour.

Truefood oils are sold in 500ml glass bottles (pumpkin and sesame oils are also available in 250ml).
